FASTABS — THREE WAY DISTRIBUTION FCON BY COMSTAT BY GENSCR

THIS TOO WAS AN EXPERIMENTING ADVENTURE WHICH SOUGHT TO DISCOVER THE OCCUPATIONAL FIELDS OF THE FATHER AND ALSO SEE WHAT THE COMPARATIVE STATUS OF THE FATHER AND THE CONSELLER IN PERSONAL ACHIEVEMENT — BOTH DONE ON THE MERIT OF GENERATIONS.

THE REPORTING RATIO IS FAIR, 387 VALID OBSERVATIONS OUT OF 543 — THUS 153 ARE CONSIDERED AS MISSING. — 71.3% —

COMPARATIVE STATUS: FATHER AND CONSELLER

THE OVERWHELMING MAJORITY OF CONSELLERS FOR THE FIRST TO SERVE GENERATION IMPROVED UPON THE CAREER STATUS OF THEIR FATHERS. THIS WAS EASILY DONE FOR THIS GENERATION BECAUSE OF THE HIGH CONSIDERATION, BOTH SOCIAL AND POLITICAL, GIVEN TO MEMBERSHIP IN THE PARLIAMENT. THE FIGURES ARE THUS:

	CON. HIGHER	FATHER HIGHER	SAME STATUS
FIRST TO SERVE	94.9	2.8	2.3

THE GROUP WITH ONE GENERATION UNDER THEIR BELT FOUND IT DIFFICULT TO IMPROVE UPON THE STATUS SINCE THE AVAILABILITY FOR UNLIMITED PROGRESS ~~DIMISHED~~ DIMINISHED. BUT A MAJORITY STILL FOUND IT POSSIBLE TO CLIMB BEYOND THE RANK OF THEIR FATHERS.

	CON HIGHER	FATHER HIGHER	SAME STATUS
FIRST GEN	51.2	17.1	31.8

THOSE FROM THE SECOND GENERATION ARE SIMILAR IN HABIT.

	CON. HIGHER	FATHER HIGHER	SAME STATUS
SECOND GEN.	51.2	9.3	39.5

BACKGROUND OF THE FATHER'S BY GENERATION.

I AM SURE THIS INFORMATION HAS BEEN ANALYZED IN ANOTHER SECTION BUT THE STATISTICS WILL BE REPEATED FOR POSSIBLE COMPARATIVE USE.

FIRST TO SERVE
